

SBI Hackathon - Digitize For Banks 2017
Code of Conduct for Hackathon

1. Participants shall accept full responsibility for their own work.
2. No Participant may share their unique API key with anyone outside their team.
3. No participant shall engage in any malicious/illegal activities which do not adhere to general code of conduct for developers.
4. The hackathon is conducted on SBI sandbox environment. The participants shall adhere to the rules outlined. The file size for images should not exceed 50KB and the file size for audio should not exceed 3MB.
5. Participants shall work to follow professional standards, when available, that are most appropriate for the task at hand, departing from these only when ethically or technically justified.
6. Participants shall ensure adequate testing, debugging, and review of software and related documents before submitting to the Bank.
7. Participants shall not knowingly use software that is obtained or retained either illegally or unethically.
8. All Hackathon related discussions to be done only on Hacker Earth discussion forum. No discussions may be done on any social media platforms.
9. The queries related to Hackathon will be given due response within the working hours, i.e., 10:00 A.M to 6:00 P.M. Any queries after that will be responded on the next working day.
10. Disclose to Bank and all partner stakeholders, any conflicts of interest that cannot reasonably be avoided or escaped.
11. Any malicious attempt will lead to disqualification of the team.
